Re: Replacement of Previously-authorized Imaging Equipment

Dear Ms. Martone:

This is a notification of the replacement of imaging equipment in accordance with the provisions of §19a-638a(b)(18) of the Connecticut General Statutes, as amended to date.

We are upgrading our MRI Scanner, which we acquired pursuant to OHCA Determination Report #05-30593-DTR (November 15, 2005).

Due to space constraints, we will move it next door to our present office to a building in the same office complex.

We anticipate that the upgrade will be completed on or about April, 2012.

Please let me know if you have any questions or require any additional information.

Sincerely yours,

Lawrence Berson M.D.
